**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a huge fan of competition in the broadband market, and I firmly believe that I only get such good service from my local ISP - Sonic.net here in San Francisco - because of their ability to use shared infrastructure. I use my gigabit connection for work, leisure and to keep in touch with my family overseas, and I firmly believe that California and the USA benefits from as much competition for telco infrastructure as possible in this market.
